Introduction of Hwa-Hsia Glass Group

COMPANY PROFILE

Hwahsia Glass Limited by Share Ltd

production : Daily output of 420 tons of glass products,
3 furnace, 29 production lines
IS ranks machine production characteristics,
Press press, three sections of machine
Land area:99200 square meters(30,000 square)
Sales ratio:60% exported,40% domestic sales
Capital:NTD \$ 2.6 billion

Wuxi Huazhong Glass Co. Ltd

production : Daily output of 165 tons of glass products,
a total of eight lines
IS ranks machine production , three sections of machine
Land area:90600 square meters
Sales ratio:40% exported,60% domestic sales
Capital:USD \$ 24.8 million

Jiangmen high tech Huazhong Glass Co. Ltd

Operations Center (Display and Sales)
Real estate property investment and development
office
Land area:300 mu
Capital:USD \$ 25 million

Fengyang Huazhong Glass Co. Ltd

production : Daily output 170 tons,11 production lines
of glass products, handmade , Press press
IS ranks machine production characteristics.
Land area:500mu
Sales ratio:20% exported,80% domestic sales
Capital:USD \$ 33 million

Changxin Huazhong Glass Co. Ltd

production : Daily output of 100 tons of glass products,
6 production lines
IS ranks machine production characteristics.
Land area:73868 square meters
Sales ratio:50% exported,50% domestic sales
Capital:USD \$ 19 million

Brand Story

The Story of Shui Jing Ling

SINCE 1925

"AQUA SOUL" a brand tested by history

Founded in 1925, Hwa – Hsia Glass Group has accumulated nearly a hundred years of glass production technology. From the initial stage of design, research and development, to end-processing, every linkage resembles the spirit of the founder Mr. Liao Ci-Ming, determined to create the most solid, durable glass products.

With nearly a hundred years of quality excellence & knowledge, 2014, Hwa-Hsia Glass Group has created our unique own brand, AQUA SOUL, and is committed to create a glass brand of Greater Asia.

Natural, Quality, Practical, Aesthetic

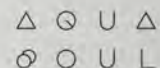

Our materials are made of natural and environmentally friendly soda-lime glass to create durable, safe mastery, lead-free glass container products. By combining with our design rich, experience of glass making, together with create practical and aesthetic designer-ingenuity of the contemporary art design, Aquasoul has "soul" to not only present impressive product but also enrich every level of details of our life-style. We are ambitious to bring "soul" to your life-style.

AquaSoul

Shui Jing Ling

The overall curve of S, showing rounded curve of glass products, resembles geometric patterns composed of text, and modern sense.

Aqua Soul brand's unique patented products

By using glass inner disk, in combination with AquaSoul products, it is interchangeable with standard plastic cover. It can improve the sealing of opening and achieving non-leakage functionality.

It is best suited for non-gas produced wine making.

CF10218
glass inner disk
11.4*1.3cm

07CF3K301B
Aqua Soul unique wine
pumping head

It is a patented wine pumping mechanics structure

Patented: 201420452679.3

Extremely easy to complete pumping of alcohol, beverage pumping; and at the same time, the pump can be disassembled and re-installed. When it is not used, the wine pump can be disassembled and transformed into a fermentation bottle, which can prevent the breakage or jammed faucet from previous version of pored fermentation bottle.

Soul one
10*17.5cm (365ml)

In combination with carry-on, decanting and storage design features, SOULONE is comprised of stainless steel with high flint crystal-like glass texture, to symbolized your unique style and attitude.

The persistence of the taste

3% yield rate is to bring you the best quality and privilege feeling.

The tube has three functions: it serves as the foot of the red wine glass, the cap of the bottle, and the diversion of liquid.

The pipe body can be used independently. When the lower edge of the pipe body is sealed, it is assembled on the cup and becomes the foot of the cup. When the upper edge is sealed, it becomes the cap.

HWA-HSIA GLASS CO.,LTD

For nearly 100 years, Hwa-Hsia has evolved from a regional glass company to Hwa-Hsia Glass Group-including container glassware,electronics components, and chemicals compound productions in its eight subsidiaries.Headquatered in Hsinzhu,Taiwan,the company is largest daily-use container glass manufacturer with 7 billion annual sales(NTD).

Since 1994,Hwa-Hsia has successively expanded its footprint called Huazhong Glass Co.,Ltd,building plants in Wuxi,Jiangmen,Changxing,Fengyang and mold shops in Shanghai and Guangdong.By 2004,Hwa-Hsia has invested heavily in phase two with new plants in Wuxi and Jianmen.With nearly 3500 headcounts,Hwa-Hsia produces nearly 400K tons of glass containers annually,including food,milk,alcoholic,beverage, medical-use,cosmetic container and light bulb.Therefore,Hwa-Hsia has also caught up with the trend to invest in advanced production technologies such as:automated feeding system,electrical bi-material forming machine,gas and electric heating annealing ovens,servo feeders and so on. In the meantime,Hwa-Hsia, in the wake of rising concern of customers, has certified itself with ISO9001, a symbol of food safety standards with international poilicies. We also possess capabilities including computer manufacturing(CIM) testing facility,hot-cold spray skills,printing,frosting and coating for final finishing.

Huazhong Glass Co.,Ltd,part of the Hwa-Hsia Glass Group subsidiaries in mainland China,has steadily grown in the past ten years with both technology and product innovation. We are serious with our company's philosophy in ensuring best quality of glass,bringing passionate service and being fair & equal in treating employees. We hope to build exisiting and new,lasting relationship with our current/prospective clients with winning culture. Please contact us in our contact information section to allow us work together with you.
